B) Describe the ideal situation or exit behavior for the challenge identified.

C) To what extent are the contributing factors to the identified challenge related to student behavior (or lack thereof) and to what extent are the contributing factors related to your behavior (or lack thereof)?

D) What strategies might be implemented to assist in moving toward the desired state?

In light of what you learned at the conference:

1. What strategies have you implemented? Have they been successful? If not, what adjustments can be made?
2. Did you contact any new campus resources upon your return from the conference? If so, how have they helped? If not, who might you contact?
3. Review your notes from the conference and select one new concept or idea to try in the coming two weeks. Describe here briefly what you will attempt.
4. With whom did you speak and wish to have a follow-up conversation at a later time? Try for 10 new contacts at this conference.
